PROFESSIONAL SUMMARY

Motivated Computer Science Engineering undergraduate with practical experience in Full Stack Web Development and a strong interest in Software Development and Quality Assurance. Proficient in Java, Spring Boot, React.js, MySQL, and software testing concepts. Adept at analyzing requirements, developing reliable applications, and ensuring software quality. Seeking an entry-level position to apply technical knowledge, enhance professional skills, and contribute to organizational success.

TECHNICAL SKILLS

Programming Languages: Java, Python, JavaScript

Frontend Technologies: HTML5, CSS3, React JS, Responsive Web Design

Backend Technologies: Spring Boot, Spring MVC, REST APIs, RESTful Web Services, JWT Authentication, Spring Security

Database Technologies: MySQL, SQL, JPA, Hibernate, CRUD Operations, Database Design

Tools & Build: Git, GitHub, Postman, Maven, VS Code, Eclipse / IntelliJ IDEA

Core Concepts: OOPs Concepts, MVC Architecture, API Integration, Authentication and Authorization

Methodologies: Agile Methodology, Clean Coding, Team Collaboration, Problem Solving

INTERNSHIP EXPERIENCE

Excerpt Technology Pvt. Ltd., Bangalore (Web Designing and Development)

- Developed responsive web pages using HTML and CSS.
- Assisted in frontend development and UI enhancements.
- Worked on webpage design and layout improvements.

Java Full Stack Developer Intern, Dev Technology Solutions - Salem, Tamil Nadu, (Dec 2025 – Jan 2026)

- Developed web applications using React.js, Java Spring Boot, and MySQL.
- Built REST APIs, implemented authentication, and fixed integration issues.
- Worked with Git/GitHub and followed Agile development practices.

PROJECTS

Healtrack: Next-Generation Smart Healthcare Ecosystem: An Ai-Driven Framework For Real-Time Resource Optimization and Mdr Risk Mitigation

- Built a production-style full stack hospital management web application using React.js, Spring Boot, MySQL, JPA, and JWT authentication.
- Developed RESTful APIs for patient booking, token-based queue management, doctor dashboard, and real-time waiting display using scalable backend service design.
- Implemented JWT-based authentication and role-based access control with database-driven CRUD operations.
- Integrated React.js frontend components with Spring Boot backend services and MySQL database following MVC architecture and reusable component design.
- **Technologies Used:** Java, Spring Boot, React.js, MySQL, JPA, JWT, REST APIs

Elite Shoppo – Responsive E-Commerce Website | HTML, CSS, Bootstrap, JavaScript

- Built a responsive multi-page e-commerce website with dynamic product catalogues, interactive UI elements, and Add to Cart features.
- Enhanced user experience with image sliders, authentication modals, and mobile-friendly design using Bootstrap and CSS media queries.

EDUCATION

Dhirajlal Gandhi College of Technology, B.E. in Computer Science and Engineering (**Honours**)

2022 – 2026

- CGPA: 8.00 / 10.0

Bala Barathi Matriculation Higher Secondary School, Salem – HSC

2020 – 2022

- Percentage: 78%

Bala Barathi Matriculation Higher Secondary School, Salem – SSLC

2018 – 2020

- Percentage: 76%

CERTIFICATIONS

- NPTEL Elite Certification – Artificial Intelligence
- NPTEL Elite Certification – Data Science Using Python
- Bureau of Indian Standards (BIS) Certification
- National Service Scheme (NSS) Certification

ACHIEVEMENTS

- **Kalam Awards 2025** – Recognized for the Hospital Management System project.
- **First Prize** – Accident Prevention and Safety Training Using AR/VR Technology (Idea presentation)
- **First Prize** – UPI Fraud Detection (Paper Presentation)

LANGUAGES

Tamil (Native) **English** (Professional)
